

Slide into mountain biking...

at Tarkine Forest Adventures DISMAL SWAMP

Set amongst one of Tasmania's most beautiful natural landscapes, the Tarkine Adventure Forest bike track is one of the latest recreational developments in Tasmania's North West.

Set amongst Tasmania's iconic Dismal Swamp tourism site and featuring 13 kilometres of track winding through the pristine blackwood forest of the Dismal Swamp sinkhole, the new facility is suitable for riders of all ages and ability levels.

The track incorporates three loops of varying difficulty that cater for beginners right through to experienced cyclists. The trail enables riders to test their stamina and skills and the setting gives them the opportunity to get out and explore the area and take in the beauty of the Tarkine's blackwood forests first hand.

Tarkine Adventure Forests' mountain bike track is perfect for groups wishing to organise a social ride, a competitive race stage or for individuals and families looking for a fun activity to occupy their leisure time.

A limited number of quality mountain bikes are available for hire from the Tarkine Forest Adventures Visitor Centre through a partnership with Mountain Bikes Tasmania.

For those with extra leisure time, the Tarkine Forest Adventures site also includes a range of tourist activities including a 110m slide to the forest floor, boardwalks and guided tours through the Tarkine as well as a gift shop and fully licensed café within the visitors centre.

Group Social Rides and Competitions

Tarkine Forest Adventures has a range of first class facilities to cater for groups with specific needs including:

- Easy parking for coaches
- Public toilets
- Barbecue facilities
- Fully licensed café

If you are interested in holding an event or group ride at Tarkine Forest Adventures please contact us to discuss your requirements.

Recreational riding for individuals and small groups

Tarkine Forest Adventures also provides a complete solution for individuals, couples and small groups looking for a fun recreational activity. New mountain bikes with gears, padded seats and suspension are available for hire.
